Sizes available:

**OD 25mm - 990mm**

A large industrial steel plate is shown in a warehouse setting. The plate is dark and has some markings on it. In the background, there are stacks of other steel plates and a piece of machinery with the word "FUSION" on it. A semi-transparent blue rectangle is overlaid on the plate, containing the word "PLATES" in large white letters and a list of material grades below it. The overall scene is industrial and well-lit.
